Summer Assignment for incoming 11th Grade Electrical Students.

This assignment will be handed in the first day of 11th Grade. This will be worth five points on your grade. A deduction of five points will happen if the assignment is not completed.

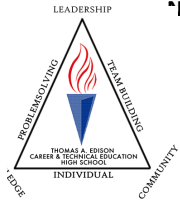

Assignment: Write a one page, double spaced essay on the following topic.

Ever wonder how much electricity a house really needs? Go room to room in your house or apartment and make a list of the power requirements in each room. Find out which rooms take the most power and for what reasons. Compare these requirements to a one bedroom apartment.

You can watch YouTube Videos, or read articles to acquire this information.

Have a Great Summer. Mr. Isaacman
